HERALDS OF SPRING

At an early date, while snows still fly, these little bulbs will burst into bloom, reminding us that Spring is near.

They should be planted on arrival in the fall, 2 to 3 inches deep and 3 inches apart, in places where they can remain undisturbed for a number of years.

CHIONODOXA—GLORY OF THE SNOW. They bloom very early along with the Crocus. Plant 3 inches deep in a sunny or half shaded position. Color light blue.

IRIS RETICULATA—FRAGRANT IRIS. A very early miniature bulbous Iris, equally at home in the rock garden or the sunny border. Will multiply and spread. Height about 6 to 8 inches; blooms about the same time as Dutch crocus. The flower is a very rich, almost dazzling violet-blue, with a bright golden segment surrounded by a black and white area, which gives it almost a tigerskin-like appearance. It has a sweet violet scent.

GRAPE HYACINTHS—MUSCARI. Charming, hardy spring-flowering bulbs. They are somewhat like the Hyacinth, but the clusters and the individual flowers are smaller and of delicate shape. Invaluable for naturalizing, especially with Narcissus.

SCILLA CAMPANULATA—WOOD HYACINTH. This interesting class blooms during early May. The bell-shaped flowers are carried on slender, graceful spikes. Plant 3 to 4 inches deep and 6 inches apart. Very effective for borders and will thrive in shaded situations under trees.

SNOWDROP—GALANTHUS. Everybody knows the Snowdrop, with its little white bells coming through the snow very early in the spring—practically the first flower to show itself after the dreariness of winter. It is a wonderful bulb for naturalizing and planting in every garden. Plant 2 to 3 inches deep and 1 inch apart. Can also be grown in pots or baskets.

Collection 10 each of above 5 varieties (50 Bulbs)\$2.75

Collection 20 each of above 5 varieties (100 Bulbs) 4.50

Collection 40 each of above 5 varieties (200 Bulbs) 8.50

Delivery in September. Each Variety Will be Carefully Labeled.

LOVELY HYACINTHS . . . Colorful . . . Fragrant

Dutch Hyacinths. Stately flowers, very fragrant. We offer the best of them in two sizes. For those who wish exhibition blooms in their garden or desire to force the bulbs in water or in pots we offer the largest size. We also offer the bedding size for outdoor planting.
